METAMASK

A crypto wallet & gateway to blockchain apps

Over a million downloads are counting

What is MetaMask?

Metamask is a crypto wallet. It provides an essential utility for blockchain newcomers and token traders. It's your gateway to the crypto world.

It's non-custodial, no one can freeze your asset.

BUT, you are also *fully responsible* for your own assets.

Three main functions.

1. **Storage:** you can store all your crypto, NFTs and digital assets in the wallet. It mainly supports ERC standard tokens, which are built on Ethereum blockchain.
2. **Swaps:** Swap your tokens with different pairs directly on Metamask.
3. **dApps:** A decentralised application. The connection to the wallet is like how you login to Facebook with email address. You are always in control when interacting on the new decentralized web.

Set up a Metamask to receive our generative art membership NFT

It just takes a few minutes and it is simple.
Please follow the guide step by step.

The image shows the top portion of the Metamask website. At the top left is the Metamask logo (an orange fox head) and the word "METAMASK" in white. To the right are navigation links: "Features", "Support", "About", and "Build", each with a downward arrow. Further right is a blue "Download" button and a white toggle switch with a plus sign. The main content area has a dark background. On the left, the headline "A crypto wallet & gateway to blockchain apps" is written in large white font. Below it is a sub-headline: "Start exploring blockchain applications in seconds. Trusted by over 30 million users worldwide." At the bottom left of this section is a blue button that says "Download for" followed by the Chrome logo. On the right side of the main content area is a screenshot of the Metamask mobile app interface. The app shows "Account 1" with a balance of "0.1221 ETH" and "\$196.12 USD". Below the balance are buttons for "Buy", "Send", and "Swap". The app interface is surrounded by colorful, abstract geometric shapes: a pink triangle on the left, a yellow triangle on the right, and a blue crescent moon and a yellow triangle at the bottom right.

MetaMask ICON should now appear on the TOP RIGHT corner of your browser. Click on it.

Help us improve MetaMask

MetaMask would like to gather usage data to better understand how our users interact with the extension. This data will be used to continually improve the usability and user experience of our product and the Ethereum ecosystem.

MetaMask will..

- ✓ Always allow you to opt-out via Settings
- ✓ Send anonymized click & pageview events

- ✗ **Never** collect keys, addresses, transactions, balances, hashes, or any personal information
- ✗ **Never** collect your full IP address
- ✗ **Never** sell data for profit. Ever!

No thanks

I agree

This data is aggregated and is therefore anonymous for the purposes of General Data Protection Regulation (EU) 2016/679. For more information in relation to our privacy practices, please see our [Privacy policy here](#).

Read through it, choose I agree.

New to MetaMask?

↓

No, I already have a Secret Recovery Phrase

Import your existing wallet using a Secret Recovery Phrase

Import wallet

+

Yes, let's get set up!

This will create a new wallet and Secret Recovery Phrase

Create a Wallet

Choose Create a Wallet.

If you already have a wallet with recovery phrases, choose Import wallet.

< Back

Create Password

New password (min 8 chars)

Confirm password

I have read and agree to the [Terms of Use](#)

Create

Set up the password for this wallet,

Note that the password set here only works on this browser.

Another password needs to be set if you try to log in to the same wallet via another browser.

Secure your wallet

Before getting started, watch this short video to learn about your Secret Recovery Phrase and how to keep your wallet safe.

下一頁

What is a Secret Recovery Phrase?

Your Secret Recovery Phrase is a 12-word phrase that is the “master key” to your wallet and your funds

How do I save my Secret Recovery Phrase?

- Save in a password manager
- Store in a bank vault
- Store in a safe deposit box
- Write down and store in multiple secret places

Should I share my Secret Recovery Phrase?

Never, ever share your Secret Recovery Phrase, not even with MetaMask!

If someone asks for your recovery phrase they are likely trying to scam you and steal your wallet funds.

Watch this demo video, it explains what the “Secret Recovery Phrase” is. It is a private key — the unique, secret passcode used to authenticate and encrypt your wallet access. You will see yours at the next step.

Secret Backup Phrase

Your secret backup phrase makes it easy to back up and restore your account.

WARNING: Never disclose your backup phrase. Anyone with this phrase can take your Ether forever.

[Remind me later](#)

[Next](#)

Tips:

Store this phrase in a password manager like 1Password.

Write this phrase on a piece of paper and store in a secure location. If you want even more security, write it down on multiple pieces of paper and store each in 2 - 3 different locations.

Memorize this phrase.

[Download this Secret Backup Phrase and keep it stored safely on an external encrypted hard drive or storage medium.](#)

VERY IMPORTANT: Read the Tips carefully.

Click the lock to reveal the secret words. 12 words will appear.

Write them down on a paper in the same order, put the paper in a safe place.

DO NOT screen shot / copy and paste and store in any digital devices.

< Back

Confirm your Secret Backup Phrase

Please select each phrase in order to make sure it is correct.

burger	buyer	detail	fire
fossil	hold	rain	search
slight	spray	tube	wire

Confirm

Choose these words in exactly the same order.

This is to make sure you memorize the secret words correctly.

PS: this is a tutorial, we will not use this wallet again, so it is fine to show the phrase. DO NOT show yours to anyone.

Congratulations

You passed the test - keep your seedphrase safe, it's your responsibility!

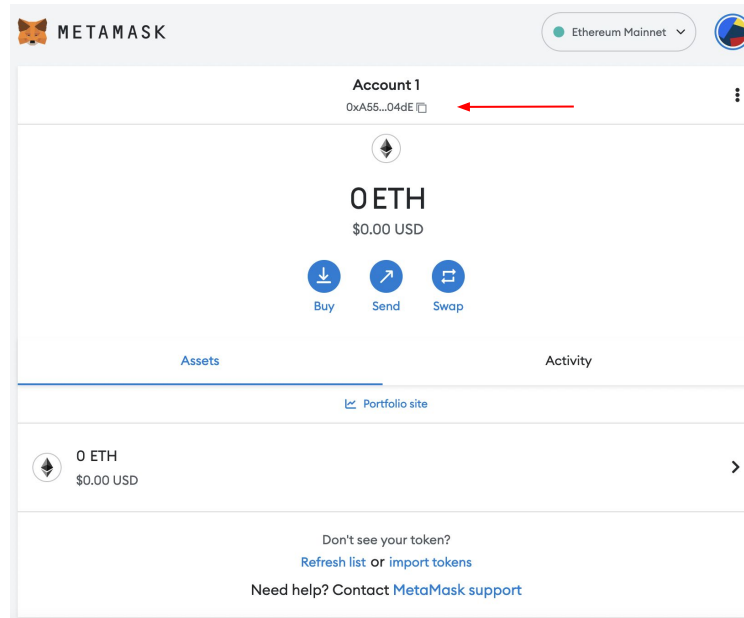

Tips on storing it safely

- Save a backup in multiple places.
- Never share the phrase with anyone.
- Be careful of phishing! MetaMask will never spontaneously ask for your seed phrase.
- If you need to back up your seed phrase again, you can find it in Settings -> Security.
- If you ever have questions or see something fishy, contact our support [here](#).

*MetaMask cannot recover your seedphrase. [Learn more](#).

All Done

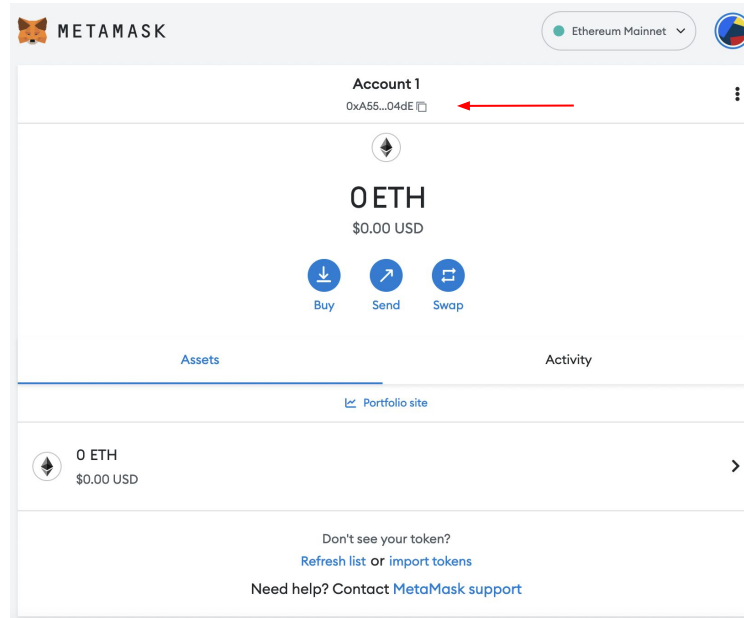

Congratulations! Now you have successfully set up a crypto wallet. Remember to keep the secret phrase safe. No one can help you recover the wallet and get your assets back. NEVER give the secret phrase to anyone.

This is the home page of your wallet.

Key information:

1. "Account 1": default name of this wallet
2. "0xA55.....04dE": your ETH wallet address (simply click on it and it will be copied)
3. "Ethereum Mainnet": the current blockchain you use

Last Step:

Copy your public wallet address and fill in the "collect wallet address form" on Hantec Markets Australia website. We will send you an unique generative art membership NFT with utilities and more to come!
